

OFLA Annual Report  
Ila Hennig- Membership Chair  
March 9, 2013

As of today our active membership is at 1332. That is up from the November membership of 1240. This week I received a list of 69 people who had renewed or joined through the Central States Conference registration which I up-dated on Wild Apricot. Our biggest growth has been in Associate members with an increase of 52. Professional, including 1 and 3 year, is up 31 and student growth is 18 more. There is also a growth of 27 in our OEA membership. I am also a part of the Secondary Language Committee and have attended meetings. I have attended 2 SLO workshops in the last month. Our school, while not on Race To The Top, is requiring we get these out by the middle of May. At all the meetings I have attended I have encouraged teachers to join OFLA and attend our conference this year.

Sincerely,

Ila Hennig

Membership Chair
