

Report from Martha Pero Halemba Professional Development Chair

April 17, 2015

The PD committee worked in tandem with the technology committee this year to provide IPA workshops. They were hosted at OSU, and KSU. Thank you to Bryan Drost and his technology team.

Bryan Drost also presented Differentiated Instruction in Twinsburg, Sylvania and Columbus.

Teri Wiechart and Gary DiBianca presented Teaching with Comprehensible Input in Shaker Heights.

The fall workshop was presented by Beth Hanlon in North Royalton: "Keeping it in the language". She also presented it at the OFLA conference.

The CSCTFL conference/extension workshop was presented by Kathy Shelton and Martha Pero Halemba. Bryan Drost attended as Ohio's representative. He will be presenting this fall.

Our goal is to continue to support teachers transitioning to proficiency based testing.

Respectfully submitted by Martha Pero Halemba
