

OFLA Annual Board Report

Leah Henson, Technology Integration Committee Chair April 19, 2020

The Technology Integration Committee advocates the effective use of technology in the teaching and learning of world languages.

As the 2019-2020 Technology Integration Committee Chair of the Ohio Foreign Language Association, I:

- shared (via the OFLA listserv) and continued to build on the work from previous Tech Committees
- recruited committee members to represent both secondary and post-secondary teachers
- created, distributed, and monitored a Google form survey to collect information (tech-related tips, wants, etc.) from educators via the OFLA listserv
- created or distributed 25 technology-related Tech Tuesday tips or “how-to” presentations via the OFLA listserv
- wrote two Cardinal articles
- planned to present a technology-related workshop at the OFLA annual conference, along with other members of the committee
- recruited a new committee chair for the 2020-2021 year

For the remainder of the 2019-2020 year, I plan to:

- continue the pause on the Tech Tuesday posts, with the exception of one final post to summarize all past tips, along with past committee work
- work with the incoming chair to share information to make a smooth transition into the next year, including transferring ownership of the Google Drive folder

Respectfully Submitted,

Leah Henson
2019-2020 OFLA Technology Integration Chair
