

Secondary Language Learning
2020-21
Maureen Gerber, chair

Annual Report

During the course of the 2020-21 year, committee members discussed plans for a video to promote the Seal of Biliteracy. Due to challenges beyond all of our control, our meetings and video did not go far. It is our hope that we can resume this important work in the 2021-22 year.

The chair contributed to all editions of The Cardinal and served on the model curriculum committee, helping to put together French units for the ODE site. These materials should be very helpful to teachers when released because they feature thematic units written at varied levels of proficiency with assessment (planning backwards), activities and significant authentic materials.

Respectfully submitted,

Maureen Gerber
